KAISER'S BITTER PILL.

Defeat of His Pet Canal Scheme Is Hard to Swallow.

DISRUPTION OF GERMAN MINISTRY.

Only the Minister of Public Works May Be Retained as Evidence of The Emperor's Determined Purpose—German Press Views.

Berlin, May 3.—The chancellor, Count von Buelow, notified the respective presidents that a joint sitting of the diet was summoned for the purpose of hearing a message from the throne. Count von Buelow read the emperor's message.

Dr. Von Miquel, the Prussian minister of finance, has resigned, and his resignation has been accepted. Liberal papers expect other resignations in the ministry, mentioning Baron von Hammerstein, minister of agriculture, and Herr Brefeld, minister of commerce.

The National Zeitung expects that Herr Thlelen, minister of public works, will be retained, thus expressing the government's purpose to adhere to the canal bill. The fate of the other ministers is uncertain.

At the opening of the lower house of the diet Friday the president, Dr. Kroeger, announced that at the joint session in the evening the diet would be closed, and suggested that it would be useless to transact further business. The house assented and the sitting was closed with hoshs for the German emperor.

The Prussian diet met promptly at 6:30 p.m. After reading the kaiser's message declaring the diet closed, Count von Buelow said:

"As the government is convinced, in view of the course taken in committee, that an agreement on the canal bill is present out of the question, it does not wish to offer any aid in a continuance of fruitless discussions." Then, with three cheers for the emperor, the sitting was ended. All the ministers, including Dr. Von Miquel, were present at the session.

It is anticipated in parliamentary circles that Count von Buelow will forthwith reconstruct the cabinet, and that the lower house of the diet will then be dissolved and the date of the general election will be so arranged that the new house will meet at the end of October or the beginning of November, when the canal bill will probably be immediately reintroduced.

The press widely discusses the situation. The Kreuz Zeitung considers the prorogation of the diet a satisfactory solution for the present confusion, as it will prevent the Conservatives and Emperor William from drifting farther apart, which end the Liberals are trying to promote.

The Deutsche Tages-Zeitung assumes that Count von Buelow advised the emperor to accept the prorogation. It admits that it is a bitter pill for his majesty, but says it proves his capacity as a ruler, for his wise resignation shows he is a master of statesmanship.

The Berliner Neuste Nachrichten rejoices at the step, but regrets it was made necessary by an alliance of the Conservatives with the Centrists, and says it presages victory for the Conservatives. The Liberal papers criticise the weakness of the government in merely adjourning, instead of deciding on a dissolution of the diet and new elections.

The Tagblatt says the step shows the utter helplessness of the government authorities, and is a confession that they do not know their own minds.

The Vorwaerts heads its editorial "Who Swallows?" and ridicules the ministry's weakness.

The Boersen Courier concludes that Count von Buelow lacks energy and management.

Tug Took a Plunge.

Little Current, Great Manitou Island, Ont., May 3.—The steamer Germanic reports off Gore hay light the tug Tecumseh was sighted in a disabled condition. The captain of the tug asked that he be towed to Gore hay and the Germanic gave her a line. After proceeding some distance the captain of the tug Tecumseh hailed the steamer, saying they were sinking. The tug was brought alongside and two men and a woman were taken off, when the tug suddenly lurched and sank, carrying down with it the captain, whose name was not ascertained, his sister and a Toronto man named Forbes.

Boosting Ship Subsidy For Morgan.

London, May 3.—At the annual meeting of the Leyland steamship line Chairman Ellerman declined to discuss the sale of the line to J. Pierpont Morgan until a special meeting was called to take up the matter. Reviewing last year's business, Mr. Ellerman referred to the congressional discussion of the subsidy bill as "a period of some anxiety." An American subsidy,

would be detrimental to British trade, and might make it next to impossible to compete with American-owned steamers, while British ships could not expect government aid.

ROAST BEEF.

Blaze In One of the Armour Buildings.
Firemen Fought Hard.

Chicago, May 3.—Armour & Company's beef house, one of the largest buildings at the stock yards, was damaged by flames and water to the extent of \$100,000.

On the fourth floor, awaiting slaughter, were 1,600 head of live cattle, which were rescued with great difficulty. The building is a five-story brick and extends nearly a block. The building also contained 4,600 carcasses of dressed beef. A single alarm was turned in at first but the fire made such rapid headway that this was followed by a general alarm. Soon after a special call for additional engines was sent in, and after an hour and a half of desperate work the firemen succeeded in conquering the flames.

Under the direction of Chief Swenlin 100 men were at work on the third and fourth floors, when a large ammonia pipe burst, and the stifling odor which arose drove the men from their posts to the open air. Many were half blinded by the gas, and escaped with difficulty.

The destruction of the plant throws 500 men temporarily out of employment. The plant will be rebuilt.

Disastrous Fire In Jacksonville.

Jacksonville, Fla., May 3.—A terrible fire visited this city. Several blocks of buildings in the business portion of the town were destroyed and the flames spread to the residence portions of the city. Over 100 houses are believed to have been burned. Citizens tore down buildings wherever possible to prevent the spread of the flames. The fire covered an area of nearly 11 blocks. Among the manufacturing plants destroyed is the Cleveland Fiber company. No loss of life has been reported.

Conflagration at Loudonville.

Loudonville, O., May 3.—This village has again been swept by a destructive conflagration. The American hotel and livery barn, office of the Loudonville Advocate, Knights of Pythias building, F. P. Young's hardware store, McLaughlin & Company's hardware store, H. C. Stockman's drug store and several other firms were burned out. The fire started in the livery barn by a lantern being upset in the hayloft.

President in Texas.

Houston, May 3.—The presidential special was skimming over the flat broad plains of Texas when the president and his party awoke. Houston, where the party was welcomed by Governor Sayers, who had traveled from the state capital at Austin for that purpose, was reached at 8:15 a.m. The arrival of the train was heralded with a salute from a battery on the bank of Buffalo bayou. An elaborate program was crowded into less than two hours. Mr. McKinley was formally welcomed by the governor and made a happy response. Members of the cabinet also spoke briefly. At the conclusion of the speeches a feeble old woman came forward and presented Mr. McKinley a small silk flag of the Lone Star state. She was the widow of Anson Jones, last president of the republic of Texas. The wood of the staff was from the old capitol building at Columbia.

Reception to Conger.

Des Moines, May 3.—A public reception was tendered Minister E. H. Conger in the Auditorium of this city Friday afternoon under the auspices of the Grand Army of Des Moines. Fully 3,000 persons crowded into the building to listen to the addresses and response of the guest of honor, who for an hour detailed his experiences. Mr. Conger will leave Monday for Washington to consult the state department with regard to his duties. He said that before leaving he would give out a written statement with regard to the talk that he is a candidate for the Republican nomination for governor of Iowa.

Alaska Seal Catch Short.

Victoria, B. C., May 3.—The following sealing schooners have arrived here and report the following catches the lowest for some years: Allie I. Alger 274, Triumph 279, Ocean Belle 170, Florence M. Smith 352, Favorite 161, Vilve 332, Libbie 117, Annis 76, and R. I. Morse 68. The season was not remarkable for very rough weather, but was too rough to permit boats being lowered often, and although numbers of seals were seen, they could not be approached.

Washington, May 3.—The changes in the office of the chief of engineers consequent upon the voluntary retirement of General John H. Wilson, were completed when General George L. Gillespie received his commission as chief of engineers and entered regularly upon the discharge of the duties of that office.

CORNER ON MAY CORN.

Phillips Makes the Frenzied Shorts Dance to His Music.

PANIC ON CHICAGO BOARD OF TRADE.

Young Bull Blandly Smiled When Reminded That He and the Open Market Were Synonymous.
"A Drop in the Bucket".

Chicago, May 3.—The first real panic since Phillips cornered the market occurred among shorts in May corn on board of trade Friday. Price fluctuations were the most violent in years. Having seen their losses grow heavier, traders who had guaranteed to deliver May corn to Phillips made frantic efforts to get it. In a few minutes after the opening the price went from 55 cents to 58 cents, which was 4½ cents higher than Thursday's close.

Shorts surrounded the young bull leader and almost begged for corn. He was repeatedly called from the pit by men who wanted to settle privately, but he told them they had disregarded his offer to sell to them at 48 cents, and now they would have to bid in the open market. When reminded that he himself and the "open market" were synonymous, Phillips smiled.

For an hour shorts bid 58 cents, or close to it. And then Phillips let out 600,000 bushels at prices ranging between 57 and 58 cents. He said it was only a drop in the bucket compared with the quantity still held by him, but it netted him a profit of about \$100,000, or, approximately, 17 cents a bushel. This action created intense excitement. It was thought for a moment that the bull chief was about to unload and the market broke to 53 cents without a check. The drop disposed of number of scalping longs who had been clinging to Phillips. Under 57 cents, however, Phillips sold nothing. In consequences prices reacted sharply to 56½ cents, when traders realized that the end of the corner was by no means at hand. May corn closed at 55½ cents.

Rate War Threatened.

Chicago, May 3.—An eastbound passenger rate war seems imminent. The Wabash gave notice that it would put into effect such reductions as would preserve its differential rate from Kansas City. The Burlington and the Missouri Pacific have declared their intention of meeting any reductions affecting Kansas City, Atchison, Leavenworth and St. Joseph. Others undoubtedly will follow this lead, and it therefore appears what should be an unusually profitable season for roads handling eastbound passenger traffic will be one of minimum gains, if any. Besides the Pan-American exposition at Buffalo there are numerous conventions and annual meetings scheduled for the summer in the east.

Corner on Whisky.

New York, May 3.—Wholesale liquor dealers assert there is a whisky famine pending. One large distillery and warehouse company in this city has practically cornered the market. With millions of gallons in its cellars, a combination of producers is buying every available barrel remaining in the market. Since present production is limited by an iron-bound agreement, the prevailing scarcity may advance prices without limit.

Freak of Lightning.

Chicago, May 3.—A dozen people were severely shocked and two seriously injured by a bolt of lightning, which struck the tower of the Ozark apartment building. Exactly eight years ago to the hour this building suffered from a similar accident. In the basement, where the cafe is situated, the greatest damage was done. A score of people were in the room at the time and all were more or less hurt by falling plaster and glass.

Short on Tonnage.

London, May 3.—The report of the Bollermakers and Shipbuilders' society shows a decrease of 100,000 tons in the vessels launched during the past year, as compared with 1899. The report says: "America has shown a decreased tonnage and is seeking other means to secure supremacy in the shipbuilding world. The American yards are better equipped with electrical and labor saving appliances than any in Europe."

Sugar Tax Must Stick.

London, May 3.—Replying to a delegation from the Workmen's Anti-Sugar Tax association, the chancellor of the exchequer, Sir Michael Hicks-Beach, declined to consider the withdrawal of the sugar tax. He said it was the most important part of the present budget, and he did not believe that workingmen who had approved of the war in South Africa should object to paying part of the cost.

Shorter Workday Endorsed.

Toledo, May 3.—The executive board of the International Association of Al-

lied Metal Mechanics, in session here, decided unanimously to support the International Association of Machinists in the demand for a shorter workday. This order has 10,000 members in the United States and Canada.

LOST CHILD'S FATE.

Famished on Horse Heaven Plains and Died in a Badger Burrow.

Prosser, Wash., May 3.—With her hands and mouth stained with green from the grass and flowers she had eaten in her desperate hunger, and with her features drawn in the dying agony of thirst, the body of the 5-year-old daughter of W. B. Matthews, former county commissioner, who lost her way on the dreary wastes of Horse Heaven plains nearly a week ago, was found by searchers.

The child in her agony had crawled into a badger hole on the prairie and died. From the appearance of the body the child had been dead about 36 hours, so for five days and nights she had been without food and water.

Barefoot when she left home, the little girl in her wanderings had gathered the tough prairie grass and wound it around her feet for protection. Beside her in the badger hole lay a bunch of flowers and grass which she had been eating.

Charitable Bequests.

Cambridge, Mass., May 3.—The will of Mary Shannon of Newton contributes more than \$125,000 to charitable and public institutions. Hampton (Va.) Normal and Agricultural Institute gets \$10,000; Tuskegee (Ala.) Institute, Kittrell (N. C.) Normal and Industrial School for Negroes, Atlanta (Ga.) university, and Maillat Seminary for Poor Whites, Kinsey, Henry County, Ala., \$5,000 each. The Newton (Mass.) hospital and other Newton institutions are given \$46,000 in all, and various other Massachusetts institutions receive \$32,000. Wesley college is given \$15,000 to be expended in free scholarships, and the American Purity alliance of New York \$2,000.

Wissahickon Meet.

Philadelphia, May 3.—Directors of the Philadelphia Horse Show association have announced the prize list of the exhibition to be held at Wissahickon Heights, a suburb, during the week of May 21. The total value of the prizes is \$11,715, of which \$1,700 will be in silver plate and \$9,955 in cash. This is an increase of \$300 over last year's prize list. The principal prize will be a \$500 challenge cup. There will be 84 competitive classes. Among the new features will be two classes of saddlehorses for women.

Necphyte Was Frightened.

Nyack, N. Y., May 3.—Norman Hemingway was initiated in the lodge of Odd Fellows at Spring Valley. During part of the ceremony W. R. Sherwood, an officer of the lodge, acted in a stern manner and rushed toward Hemingway, intending it as a joke. Hemingway thought Sherwood was in earnest and pulled out a revolver and fired it. The powder burned Sherwood's face but the bullet missed him. There was great excitement in the lodge and the incident broke up the meeting.

Choctaw Line Extension.

Philadelphia, May 3.—At a meeting of the board of directors of the Choctaw, Oklahoma and Gulf Railway company the sale to the stockholders of \$2,000,000 common stock was authorized to be approved at a special meeting of the stockholders to be held July 9. The increase is to provide for extending the line to Amarillo, Tex.

Rosenfield's Body Recovered.

St. Paul, May 3.—The body of William Rosenfield, who disappeared last week with his four children, was found in the river near where the body of his oldest boy was taken out of the river Thursday. The search for the bodies of the other three children continues actively.

Kansas City Closed Tight.

Kansas City, May 3.—As a direct result of Mrs. Carrie Nation's agitation of the question in Kansas City, Mayor Reed has issued a positive order that all saloons must be closed tight Sundays, and instructing Chief of Police Hayes to arrest all violators of the closing ordinance.

Admiral Remey at Melbourne.

Washington, May 3.—Admiral Remey, aboard his flagship Brooklyn, has arrived at Melbourne. He will represent the United States government at the opening of the first session of the Australian parliament.

Iron Works For New South Wales.

Sydney, May 3.—The government is inviting tenders for 100,000 tons of steel rails to be manufactured in New South Wales within four years. This involves the establishing of iron works. It is stipulated that the price is not to exceed the cost of such rails in America and Great Britain, plus freight.

Ohio Incorporations.

Columbus, O., May 3.—Watts Printing company, Canton, \$15,000; Niles Car and Manufacturing company, Niles, \$200,000; Val Duthenhofer Sons company, Cincinnati, \$700,000.

NOT ALL OF ONE MIND.

English Miners Not Unanimous For Closing the Colteries.

DRASIC STEP IS DEEMED UNWISE.

Fraud and Collusion Charged In Pennsylvania Coal Deal—Illinois Central Difficultly May Yet Result In a Strike—Industrial News.

London, May 3.—There were scores of meetings Friday in the coal districts, and there was evidence of the intense interest in the tax question felt by both miners and owners. But the results of the conference show the miners are by no means so unanimous as expected in supporting a general strike. Chairman Briggs of the joint conciliation board of the Yorkshire miners has issued a manifesto to the men to the effect that, although he is strongly opposed to the impost, he considers it most unwise to take such a grave step as stopping the collieries. Several councils of miners have issued similar advice to the men.

Salem Road Sold.

Salem, O., May 3.—The Salem railroad has been sold to Colonel Myron T. Herrick of Cleveland. This road extends from this city to Washingtonville, seven miles, where it connects with the Erie lines. It was recently sold at receiver's sale to Walter S. Johnson of the Norton Trust company of New York for \$125,000. This bid is assigned to Colonel Herrick. Receiver B. S. Ambler, who has had charge of the road for eight years, is retained as manager. It was reported that Abner McKinley, brother of the president, is interested in the deal, and that the road may be extended to Youngstown, 15 miles beyond its present terminus, to open rich coal deposits.

Great Deal Tied Up.

Myersdale, Pa., May 3.—The recent large coal deal in Upper and Lower Turkeyfoot townships and Ursina borough, formerly the property of the Connellsburg and Ursina Coal and Coke company, is threatened with litigation. It appears that the sheriff's sale of these coal lands to the Somerset Trust company for \$10,000 and their alleged transfer to New York capitalists for the sum of \$300,000 took place without the knowledge of the president of the coal company, Louis Dahmas. Learning of the deal, he promptly alleged fraud and collusion to defraud him of his rights and interests in the coal lands and filed a petition against the sale.

A NEEDED IMPROVEMENT.

Hardly a spring passes that does not see communication between the East and West End of the city almost entirely cut off for vehicles by floods in the Ohio. The back water in Limestone creek covers Bridge and Second street for some distance and also the road leading from Lexington street to the Fleming pike when the river reaches a stage of about fifty feet. Not only is traffic for vehicles badly interfered with, but pedestrians are compelled to take the C. and O. viaduct or the L. and N. route. This latter route suggests a way out of the difficulty. The city should construct a viaduct leading from Third street, or from Bridge street near Lindsay, out across the creek bottom, and connecting with Forest avenue. This would give a thoroughfare that would rarely ever be interfered with by a flood in the Ohio. As to the probable cost of such an improvement, the City Council could soon get at that by referring the matter to a committee to obtain estimates. If it would not cost any very large sum, it would be money well spent.

DEBOE MUST GO.

Such Said to be the Edict of Boss Hanna.
Not the Kind of Man Needed
in Washington.

LOUISVILLE, Ky., May 2.—From certain maneuvers among the leaders of the Republican party in Kentucky it is an apparent fact that word has come from Washington that a man other than W. J. Deboe must be the Republican caucus nominee for United States Senator.

Deboe is not popular at Washington, has little influence with the President and is regarded as a man who is doing the party little good. McKinley and Hanna want a man who will give the party in Kentucky some backbone, and Deboe is not the man to do it.

There is little doubt but that Mr. Sapp was notified through John W. Yerkes that Deboe had to be shelved. This will be a hard task for Sapp, but it will be easy for him if he is told that he must obey orders or lose out as Collector of Internal Revenue here.

In the event that Deboe is put out of the way, such men as Bradley, Yerkes and Combs will then be eligible for the Senatorship.

THE BIGGEST ANYWHERE.

Kansas Has an Apple Orchard That Contains 64,000 Trees and Covers 880 Acres.

TOPEKA, KAN., May 2.—Beginning yesterday a force of 100 men, most of them veterans from the National Soldiers' Home, commenced setting out 27,000 apple trees on the farm of ex-Governor Morrill in the southern part of Leavenworth County. When these trees are planted, which will be by to-morrow, there will be 64,000 trees set out in one compact body of land, making it the largest distinctive apple orchard in the United States, and, so far as known, in the world.

Three years ago ex Governor Morrill purchased 880 acres of land and, with the aid of Francis Golde, a horticulturist, started to plant the largest apple orchard in the country. The land and capital are furnished by Governor Morrill, while Mr. Golde acts as Superintendent. They are to share the profits equally for fifteen years and then Governor Morrill is to have all. They expect in one good fruit year, at any time after the next three years, to make money enough to pay for the entire expense of planting and caring for the 64,000 trees.

HEAVY DAMAGES

Awarded to Col. John C. Underwood Against the Editor and Publishers of the Confederate Veteran.

NASHVILLE, TENN., May 2.—The jury in the case of John C. Underwood, of Kentucky, against the Methodist Episcopal Publishing House, which published the Confederate Veteran, and Editor Cunningham, of the Veteran, this morning gave the plaintiff judgment for \$15,000 against Cunningham and the publishing company jointly and \$10,000 extra against Cunningham.

Underwood had sued for \$50,000 damages on account of alleged libelous publications in the Confederate Veteran concerning Underwood's connection with the Battle Abbey.

The case has been of great interest to the people of the entire South on account of the prominence of the persons involved and in connection with Confederate affairs.

John C. Underwood, Superintendent and Secretary of the Confederate Memorial Institute, and having in charge the collection of the \$100,000 to be raised to meet a like sum offered by Charles Broadway House for the erection of a Battle Abbey, or Confederate memorial institute, was criticised by S. A. Cunningham, editor of the Confederate Veteran, in an editorial in the June, 1899, issue of his periodical.

The magazine is owned and edited by Mr. Cunningham, and is printed by the Southern Methodist Publishing House.

Underwood filed suit in the United States District Court against Mr. Cunningham and the publishing house for \$50,000 damages for libel.

When the case first came up the defense, which at first made plea of justification by truth, was allowed to add the plea of "qualified privilege"; that is, that the article was a criticism and comment of the officer of the association by its official organ. The case was tried before Judge C. D. Clark in February last, the trial consuming an entire week. The jury disagreeing and a new trial was necessitated.

The trial before Judge Walter Evans, of Louisville, was begun Monday and concluded this morning with a verdict for the plaintiff in accordance with the Judge's charge to the jury.

The wool clip of Montana for this year is estimated at 25,000,000 pounds, that of Wyoming at 18,000,000, New Mexico 15,000,000, and Colorado 10,000,000. Everywhere in the West there is a heavy clip and the wool is in exceptionally good condition. Growers expect good prices, but from 10 to 50 per cent. of last year's stock is still on hand, and it is not likely that they will realize even this year's prices. In addition to this the manufacturers are using "shoddy" to a large extent and this is of course lessening the demand for wool.

Mr. Walker Whiteside's new play, "Heart and Sword," is said to be a remarkably fine achievement along the romantic line. It tells an intensely interesting and thrilling story of love and war. Mr. Whiteside as Prince Victor, Miss Wolstan as the Princess Sylvia, assisted by a company of well known players, tell the story of the heart and sword. The stage settings are elaborate. Managers Russell, Dye & Frank have secured Mr. Whiteside and his company for one performance at the Washington Opera House Wednesday, May 8th.

STRANGE DISEASE

Killing Sheep in Central Kentucky—Post Mortem Examination Throws No Light on Subject.

[Harrodsburg Democrat.]

We have lately heard a great deal of complaint among sheep raisers about the unusual mortality among sheep. Some owners complain of one thing and some of another. One prominent sheep man has lost thirty-five or forty ewes and nearly as many lambs. He says he has never, in all his experience, seen any ailment like it. Ewes seemingly all right, eating heartily and giving their lambs plenty of milk, will lie down to rest and will not get up unless compelled to rise, then after a short time will lie down again; and the position in which they lie is a mark of the disease. They will draw their hind feet, as well as their fore feet, cat fashion—a very unnatural position for a sheep, and will remain in that position until they die—apparently a painless death, with the mouth resting on the ground. Post mortem examinations, though by inexperienced operators, discover nothing to throw any light on the cause of this great mortality. If this article reaches the eye of any one who can throw any light on the matter, we should be pleased to hear from him.

He is a Wonder.

All who see Mr. C. F. Collier, of Cherokee, Iowa, as he is now, cheerful, erect, vigorous, without an ache, could hardly believe he is the same man who, a short time ago, had to sit in a chair, propped up by cushions, suffering intensely from an aching back, in agony if he tried to stoop—all caused by chronic kidney trouble, that no medicine helped until he used Electric Bitters and was wholly cured by three bottles. Positively cures backache, nervousness, loss of appetite, all kidney troubles. Only 50c. at J. Jas. Wood & Son's drug store.

THE CARPET SECTION

Perhaps you'll need a new Carpet this spring. If so you'll surely want to see our display—the largest and best ever offered in this city.

A splendid assortment of new spring patterns in all-wool ingrain, prices ranging from 25c. to 65c. per yard.

Wiltons, tapestries, moquettes, velvets and body Brussels—a line bound to please you.

Our Mattings have just been strengthened by the arrival of 100 bales of new stuff. A magnificent showing ranging from 12¢c. (cheaper matting represents wasted money) to 50c.

In Carpets, just like other lines of merchandise, the buyer is at the mercy of the seller. Few carpet buyers know carpet values. Qualities are hard to carry in the eye. It's this fact makes us use the greatest care in selling Carpets. If you are a Carpet customer here it is your privilege to know everything about the Carpet you are buying.

We've gone to the depth of things in Carpets and it's our pleasure to protect you as to qualities.

RIVER NEWS.

Pittsburg-Cincinnati Packet Company to Build Another Handsome Boat. Other Items.

Stanley down Sunday.

Queen City, Urania and Sunshine up to-night.

There are enough empties in the harbors and pools at Pittsburg, according to an official of the river coal combine, to keep the mines running until June 1; by that time between 20,000,000 and 25,000,000 bushels of coal can be loaded.

The Pittsburg and Cincinnati Packet Company is contemplating the building of a 1,500-ton packet, much larger than either the Queen City or Virginia. This company now has a day in the Memphis trade out of Cincinnati. This line has a shrewd and watchful representative at Cincinnati in the person of Superintendent J. Frank Ellison. The new boat will be a sternwheeler and furnished elegantly throughout.

Coal shipments from Pittsburg have ceased, and one of the most prosperous shipping seasons in many years has come to an end. There has been fifty-six days of continual navigation for shipping. Upward of 40,000,000 bushels of coal came South, and more than 70,000,000 since navigation opened last November. The rivers, however, are not expected to remain low long, for there is usually good water in May at intervals and a regular rise in June.

The towboat Raymond Horner, while passing Henderson with a large fleet of loaded coal barges in tow, suffered a serious loss to the flotilla Thursday. Half of the tow had passed safely through Piers 3 and 4 of the Henderson bridge, when the swift current threw the remainder against Pier 4 and eight barges sank within 100 yards of the bridge. By herculean efforts the crew were able to cut the damaged barges loose in time to save the balance. This accident is the second of its kind in two weeks. Two hundred and fifty thousand bushels of coal now lie sunk in front of the wharf-boat.

GASKINS ARRESTED.

Negro Who Killed Young Ryan at Flemingsburg Captured in West Virginia.

Charles Gaskins, the negro who cut and fatally wounded James Ryan, of Flemingsburg, was captured late Friday afternoon at Charleston, W. Va. The arrest was made on information from Chief of Police Donovan, of this city.

As stated elsewhere Ryan died Thursday night, and the feeling against Gaskins is said to be so strong that mob violence is feared when he is returned.

MURPHY, the jeweler.

Breeders of pure bred hogs say that they cannot keep up with the present demand from farmers, who are ambitious to improve the quality of their droves. Hogs coming to the market now are much better in breed and quality than they were some years ago, says the Chicago Drovers' Journal, but there is still room for improvement, and farmers are realizing that it costs no more to feed a good hog than a poor one. In fact, it costs much less, for a drove of razorbacks could hardly be gotten into prime killing condition with any amount of feed.

DEATH'S HARVEST.

Final Summons to J. L. Killgore. Mrs. J. L. Briscoe, Mrs. A. A. Boyd and Mrs. Eliza Collins.

Mr. J. L. Killgore, whose critical condition was mentioned several times this week, died this morning about 6 o'clock at the home of his parents, Mr. and Mrs. T. F. Killgore, near Fern Leaf, of consumption. He had been ill six months. All that loving hands and medical skill could do was done, but nothing could stay the march of the dread disease.

Mr. Killgore was twenty-six years old, in the prime of young manhood. A host of friends will learn with sincere sorrow of his death.

The funeral will take place Monday morning at 10 o'clock at the residence. Burial at Germantown.

MRS. ELIZA COLLINS.

Mrs. Eliza Collins, widow of the late John Collins, who preceded her to the grave about five months, died Saturday morning, April 27th, at her home near Sardis. She was seventy-six years old the 11th of last January. Her maiden name was Hubbard, and she was a sister of the late Henry Hubbard, of Maysville. After a long and useful life she passed away as she desired, without any previous warning. She was about her usual duties almost until the last. In all the relations of life Mrs. Collins exemplified the graces of true womanhood. Her life was one of helpfulness. After rearing a family of nine children, she was a mother to a nephew and two grandchildren, and was ever ready in her ministrations to the sick and afflicted. She had been a member of the Sardis Christian Church for thirty-two years. After an appropriate funeral service conducted by Eld. F. M. Tinder, her lifeless form was borne to its last resting place in Shannon Cemetery, to rest beside her late husband, with whom she had lived fifty-six years.

MRS. CARRIE L. BRISCOE.

Mrs. Carrie L. Briscoe, wife of Mr. J. L. Briscoe, died about noon Friday at their home on Forest avenue, Sixth ward, after an illness of two months, of peritonitis. She was forty years old, and is survived by her husband, one sister and two brothers. Her home was formerly at Georgetown and her remains will be taken to that place for interment. She was a member of the Baptist Church, and the funeral will be conducted by the pastor, Rev. J. W. Porter, but the date of the service has not been announced. The remains will be taken to Georgetown Monday.

MRS. MARY GRIGSBY.

Mrs. Mary Grigsby, wife of Isaiah Grigsby, died this morning at 6 o'clock at Tollesboro, of pneumonia. She was sixty-eight years old, and is survived by three sons and two daughters. Funeral Sunday evening at 5 o'clock, Rev. Mr. Johnson officiating.

MRS. A. A. BOYD.

Mrs. A. A. Boyd, aged about seventy-five years, died at 8:20 o'clock this morning at the home of her nephew, Mr. Wm. H. Lynch, on Cherry street, of general debility. Her home was at Cam-

bridge, Ill., but she had spent much of her time in this city with relatives since the death of her husband two years ago. She was the widow of Samuel Boyd, and lived for forty years or more in Covington, where she had a large acquaintance. She leaves no children. The remains will be taken to Cambridge for burial, leaving here on the 3:20 train.

Monday Morning Bible Class.

In response to a request that an interdenominational Bible class be formed, Howard T. Cree, minister of the Christian Church, has consented to lead a class in a study of "The Life of Christ." There will be no admission fee to join the class and anyone may become a member. The class will meet each Monday morning at 9 o'clock. All interested are requested to meet in the chapel of the Christian Church next Monday morning.

Maysville is promised an elaborate production of the opera "El Capitan" in the near future.

BALLINGER, jeweler and optician.

The wife of Hon. J. D. Garrison, of Georgetown, O., died some days ago. Her brother, who lives at Russell, Ky., attended the funeral. At the time, his face was covered with pimples, but he explained their existence to all inquirers by attributing them to an attack of chickenpox from which he was recovering. After he had gone home Mr. Garrison's little daughter was taken ill with the same disease, and afterward Mr. Garrison himself. A representative of the Ohio State Board of Health was finally called in and pronounced the disease smallpox. A great many have been exposed to the contagion, among them Elder Dodson, formerly of Dover. The disease is of a very mild form.

To the Democrats of Mason County. After a careful canvass of the county I am convinced that it would be disadvantageous for me to continue in the race for Superintendent of County Schools and, believing that by my withdrawal conditions may be made more favorable for the triumphant election of our county ticket at the November election, I now withdraw from the race, and in doing so I desire to pledge my unwavering support to the nominees of the coming primary election and to thank the people of the county for the uniform courtesy and consideration which I have received at their hands, and to assure them that I shall always appreciate it. Respectfully, E. SWIFT.
